All Members of IAMI Europe and IAMI Inc. and their spouses, and all friends of IAMI are herewith cordially invited and we are pleased to send you this first (provisional) agenda.

Friends of IAMI, who are not yet members, are encouraged to join IAMI Europe at this special occasion and benefit from the conference.

This year your Board of Directors has made a special effort to present an even better program than the years before. Among others:

- ✓ We strive to have up-to-date and **practically useful content** addressed in an interactive and entertaining format that is supported by visually rich material.
- ✓ We will rather cover few cases **in depth** than remain general.
- ✓ Our topics are chosen from **critical and controversial** subjects.
- ✓ Lecturers will be given the agreed upon **allotted time**.
- ✓ We aim to distribute **handouts** for the audience.
- ✓ Last but not least, we will be even more sensitive to the fact that most of our audience are **non-native** English speakers.
